 - 1. A foul ball that strikes the backstop is immediately a dead ball and no play may be made.
 - iii. The Batter hits a fair ball, the Batter or First base is tagged before the Batter touches First base.
 - iv. Third strike is called
 - 1. A called or swinging strike is a strike no matter if the catcher catches the ball or not.
 - 2. When a foul tip is legally caught by the catcher with two strikes.
- h. The Batter becomes a Runner and is entitled to First base without liability to be put out when –
 - i. Four "balls" have been called by the Head Umpire.
 - ii. The Batter is touched by a pitched ball which the Batter is not attempting to hit unless
 - (1) The Batter is in the strike zone when it touches the batter, or (2) The Batter makes no attempt to avoid being touched by the ball (Any body movement is an attempt).
- i. The Batter becomes a Runner and is liable to be put out when –
 - i. The Batter hits a FAIR BALL;
- j. The Runner: A runner acquires the right to an unoccupied base when they touch it before they are put out. The Runner is then entitled to it until they are put out, or forced to vacate it for another runner legally entitled to that base.
 - i. In advancing, a runner shall touch First base, Second base, Third base and Home Plate in order. If forced to return, the Runner shall re-touch all bases in reverse order, unless the ball is dead. In such cases, the Runner may go directly to the Runner's original base.
 - ii. Two runners may not occupy the same base, but if, while the ball is live and two runners are touching a base, the "Trailing Runner" shall be out when tagged. The "Leading Runner" is entitled to the base.
 - iii. Each Runner including the Batter-Runner may, without liability to be put out, advance–
 - 1. To Home Plate, scoring a run, if a Fair Ball goes out of the playing field in flight and the Runner's and Batter-Runner touch all bases legally; This is called a HOMERUN.

EXCEPTION: A Batter-Runner cannot be tagged out after over-running or over-sliding First base if The Runner returns immediately to the base and makes no attempt towards second base.
 - vii. The Runner fails to re-touch their base after a fair or foul fly ball is legally caught before The Runner, or their base, is tagged by a fielder. The Runner shall not be called

- out for failure to retouch their base after the first following pitch, or any play or attempted play. This is an appeal play;
- viii. The Runner fails to reach the next base before a fielder tags The Runner or the base, after The Runner has been forced to advance by reason of the Batter becoming a runner. However, if the "Trailing Runner" is put out on a force play, the force is removed and The Runner must be tagged to be put out. The force is removed as soon as The Runner touches the base to which The Runner is forced to advance, and if The Runner Over Slides or Over Runs the base, The Runner must be tagged to be put out. However, if the forced runner, after touching the next base, retreats for any reason towards the base they had last occupied, the force play is reinstated, and The Runner can again be put out if the defense tags the base to which The Runner is forced; EXAMPLE when a runner is forced to run: When the Batter hits a Fair Ball the Batter/Runner must run to First base. If a runner is on First base, that runner is forced to run to second base. If a runner is on second base and No Runner is on first base, the runner at second base is NOT forced to run when the batter hits a fair ball, because First base is vacant.
 - ix. The Runner is touched by a fair ball in fair territory before the ball has touched or passed an infielder. The ball is dead and No Runner may score, or advance, except runners forced to advance.
 - x. The Runner passes a preceding runner before such runner is out;
 - xi. The Runner fails to return at once to First base after over-running or over-sliding First base. If The Runner attempts to run to second base The Runner is out when tagged. If, after overrunning or over-sliding First base The Runner starts toward the dugout, or toward his position, and fails to return to First base at once, The Runner is out, on appeal, when The Runner or the base is tagged;
 - xii. In running or sliding at Home Plate, The Runner fails to touch Home Plate and makes no attempt to return to Home Plate, when a fielder holds the ball in his hand, while touching Home Plate, and appeals to the Head Umpire for the decision.
 - xiii. If a Base Runner misses a base (except home plate, see 16.d), the Base Umpire will not comment on the play until the missed base is appealed by the opposing team, at which time the Base Umpire will call the runner safe or out. All appeals must be done after play is dead and prior to the next pitch. The Base Runner must be identified and the Missed Base must be named. A defensive player must touch the Missed Base with the ball in hand to complete the appeal.
 - xiv. First base and Home Plate may be over run, Second base and Third base may not.
